Dear New Patient,

Thank you for choosing The Vein Care Center. **Please bring your driver's license or photo ID, current insurance cards, and loose fitting shorts to your appointment.** If you do not have insurance coverage please call the office for pricing information.

You will be undergoing a comprehensive venous ultrasound of both legs to determine if there are any leg vein abnormalities that are compromising your quality of life and require further treatment. If you wear compression stockings, please do not wear two days prior to your appointment. The findings will then be discussed with you as well as recommendations for further treatment if needed. Please allow one hour for your first appointment.

We require a 48 hour cancellation notice. If you are unable to keep your appointment please contact the office at 419-227-4472. **If you do not contact the office or no show to the appointment there will be a $50.00 charge.**

Thank You,

Vein Care Center Staff
